

I'm not robot!

The Ginger Grammar Checker helps you write and efficiently corrects texts. Based on the context of complete sentences, Ginger Grammar Checker uses patent-pending technology to correct grammar mistakes, spelling mistakes and misused words, with unmatched accuracy. Ginger's grammar check software improves your text just like a human reviewer would. Enjoy the most expansive online grammar checker on the market. Benefit from single click proofreading wherever you type so that you improve your English writing while you learn from your grammar mistakes. Getting your grammar right matters! In the online as well as the offline world, it is important to write without making silly grammar mistakes, English syntax errors or punctuation mistakes. We all know how communication is a key skill for success. For example, in the corporate world it is hard to get a job without good written communication skills, even if the candidate excels in his or her field. In the academic world, error-free English writing is strongly correlated with achieving better results. In the online world, bloggers need to write grammatically correct and fluent texts to make sure that the message they are trying to convey is properly reaching their audience. If you have an online service, then proper, error-free content is crucial. The bottom line is, a grammar check before you submit your writing could make the difference between success and failure. No more grammar mistakes: Check grammar with Ginger The Ginger Grammar Checker corrects a vast range of grammar use mistakes. Most grammar corrector tools claiming to perform a grammar check based on English grammar rules are not able to identify the majority of grammar errors; therefore many of these common writing errors are overlooked. In many cases, these free online grammar checkers flag mistakes but do not suggest any corrections. Ginger uses groundbreaking technology to detect grammar and spelling errors in sentences and to correct them with unmatched accuracy. From singular vs plural errors to the most sophisticated sentence or tense usage errors, Ginger picks up on mistakes and corrects them. Grammar checking has never been easier and faster. With a single click multiple mistakes are corrected. Your mistakes will no longer be overlooked with Ginger Software's Grammar Checker. Grammar check your way to success: Start writing better and faster With Ginger's grammar checking software writing is quick and easy. You'll never need to ask others for help with rules of English grammar. Use Ginger's Grammar Checker to correct your texts and download Ginger's full suite of products to listen to your texts and learn from your own mistakes to avoid repeating them in the future. Don't let incorrect grammar get in your way. Start using Ginger Software today! Click here to learn more about the advantages of using an online grammar checker. The Ginger Grammar Checker helps you write better English and correct texts more efficiently. Through the use of patent-pending technology, Ginger Grammar Checker analyzes the context of your sentence to correct grammar mistakes, misused words and spelling mistakes with unmatched accuracy. Ginger's grammar correction software improves your text just like a human reviewer would. Ginger's grammar tool corrects all types of mistakes Ginger corrects all types of grammatical mistakes including topics that are not addressed by any other grammar correction program. Here are some examples: Subject verb agreement The smell of flowers bring back memories. → The smell of flowers brings back memories. Singular/Plural nouns Six people lost their life in the accident → Six people lost their lives in the accident. Consecutive nouns Sheryl went to the tickets office → Sheryl went to the ticket office. Misused words correction Using its contextual grammar checker, Ginger recognizes the misused words in any sentence and replaces them with the correct ones. I was wandering if there's any news. → I was wondering if there's any news. Contextual spelling correction The Ginger Spell Checker is a contextual spell checker which identifies the correction that best fits the meaning of the original sentence. When combined with the Ginger Grammar Checker, you can correct entire sentences in a single click. The same misused word will have a different correction based on the context: The marble statue hed a big hed → The marble statue had a big head. Phonetic spelling mistakes are corrected even if the correct spelling is very different from the way they were originally written: I like books, exspecaley the classics → I like books, especially the classics Irregular verb conjugations are corrected as well: He flyed to Vancouver → He flew to Vancouver Ginger boosts your writing productivity Checking grammar has never been easier. Once installed on your computer, the Ginger Grammar Checker is only one click away, wherever and whenever you need it. Correct whole sentences with a single click using your current internet browser and writing, presentation-making and email programs. Correct written texts more efficiently with Ginger Rather than prompting users to correct errors one by one, Ginger identifies and corrects every error in a given sentence simultaneously; Ginger even offers suggestions for alternative sentence structures. With Ginger- you won't need to waste time trying to find the correct way to write a sentence, or have to pass your texts to someone else for review. Not only does ourfree English grammar checker improve yourspeelling, punctuation, and phrasing, it providesuggestions based on context to make yoursentences sound natural. Pcanpi is the perfecttool for students and working professionalswhose native language is not English but needto use it for business emails, essays, or evenESL test prep. Here are some ofsuggestion examplesfrom PcanpiHere are some of suggestionexamples from Pcanpi Subject-verb agreement The chairman as well as the CEO were on time for the meeting.The chairman as well as the CEO were was on time for the meeting. This is a classic subject-verb agreement error. In the first sentence, the singular subject the chairman does not match the plural verb were, so the correct verb in this case would be the singular verb was.Show more Articles Most people may know that many things have changed in the society.Most people may know that many things have changed in the society.The word society is not usually preceded by an article unless in specific context.Show more Prepositions Chimpanzees are good for climbing trees.Chimpanzees are good for at climbing trees.In the sentence above, we want to express that chimpanzees are the ones that are good at climbing trees. Therefore, the correct sentence would be the latter.Show more Word order Look at the below chart. Look at the below chart below.The first sentence is not necessarily grammatically incorrect, but the order of the words of the second sentence has been used more often by native speakers of English in similar context.The first sentence is not necessarily grammatically incorrect, but the order of the words of the second sentence has been used more often by native speakers of English in similar context.The first sentence is not necessarily grammatically incorrect, but the order of the words of the second sentence has been used more often by native speakers of English in similar context.Show moreUsage of a wordPrevious studies have concluded that an increase of young adolescents are using e-cigarettes. Previous studies have concluded that an increase increasing number of young adolescents are using e-cigarettes.The sentences above are trying to convey that more young adolescents are using e-cigarettes. However, the first sentence is implying that the increase itself is using e-cigarettes which would not make logical sense. By changing increase to increasing number, the sentence now conveys that an increasing number (of young adolescents) are using e-cigarettes.Show more Word choice Her company doesn't have enough currency to build a new headquarters in Texas. Her company doesn't have enough currency capital to build a new headquarters in Texas.The fact that she is no longer with us crashes my heart. The fact that she is no longer with us crashes breaks my heart.In the first sentence, the word currency is incorrectly used to express an amount of money. Currency is a system of money used by a country or an area of the world. Therefore, the second sentence which uses capital, which denotes an amount of money, would be correct.Show moreUsage of pronounsI am as lazy as them.I am as lazy as them they.If you are contemplating between them or they, the correct choice here would be they because the are after they is implied: I am as lazy as they are.Show morePcanpi onlinegrammar checker FAQPcanpi onlinegrammar checker FAQPcanpi onlinegrammar checker FAQPcanpi onlinegrammar checker FAQ1Who should use Pcanpi?2Why use Pcanpi?3Is Pcanpi worth the money?4How does Pcanpi compare to other writing assistants?4How does Pcanpi compare to other writing assistants?4How does Pcanpi compareto other writing assistants?Visit our blog and get writing tips for non-native English speakers.
